CAPACITY × 150

Located along the third base line, the W Club blends Cubs tradition with a high-energy event atmosphere. Inspired by the iconic victory flag and the spirit of the bleachers, the space surrounds guests with team history and memorabilia in a lively, nostalgic setting. Multiple video screens throughout make it ideal for presentations, branded content, or keeping the game front and center. Positioned adjacent to the home batting cage and dugout, the W Club also offers a behind-the-scenes ballpark backdrop that can turn corporate receptions and social gatherings into a truly memorable experience.
